

## **Engineering Department Manager**

The City of Altoona is actively seeking qualified individuals to fulfill the role of Engineering Department Manager within the Public Works Department. Applicants interested in the position must have an Associate's Degree in Engineering or construction-related field with a minimum of ten (10) years' experience working in highway, flood control, building, utility and bridge construction, inspection and design. Individuals must also have two (2) years supervisory and five (5) years of direct construction project management experience. Excellent communication skills and the ability to develop and maintain professional relationships with employees, contractors, construction workers, other governmental agency representatives, City officials, and the general public are essential.

The City of Altoona offers full time employees a comprehensive compensation package including a competitive salary; health, dental, vision, and life insurance; paid time off; and retirement options.

To apply, applicants should submit a resume, letter of interest and three (3) professional references to the Human Resources Department of City Hall at 1301 12<sup>th</sup> Street, Suite 301, Altoona, PA 16601. For more information either call (814) 949-2418 or please visit the "Employment Opportunities" link on the City's homepage at [www.altoonapa.gov](http://www.altoonapa.gov).
